

PARTNER PRESENTATION

Student-first recruitment, through our partner platform or directly.

Honest advice, complete applications and regular reporting.

Students deserve honest guidance. Institutions deserve responsible partners.

StudyDoor is family-founded and based in Ontario. We guide students toward programs that genuinely suit them, and we explain your requirements before they apply.

What we bring to your team

Ethical, student-first recruitment

Students are advised on fit and readiness, never pushed toward a seat. Our Code of Ethics is public.

A focus on Arabic-speaking students

Outreach to Arabic-speaking students and families in Canada, the Gulf and the wider Middle East.

Complete, checked applications

We check documents and requirements before anything is submitted, so your team reviews files that are ready.

Through our partner platform, or directly

If you already receive students through international recruitment platforms, ours can reach you there. If not, we can work with you directly.

English, Arabic and French

We speak with students and families in the language they are most comfortable in.

Working inside your procedures

We follow your admission rules, timelines and reporting requirements.

The students we work with

Students applying from abroad

From your first question to your offer letter and your first week, wherever you are applying from.

Students already in Canada

Citizens, permanent residents, newcomers and international students looking for their next program, at home or abroad.

Families

Clear information in English, Arabic or French, so the whole family can decide with confidence.

How we recruit

Quality over volume

We refer students whose goals and qualifications fit the program.

Multilingual communication

Clear explanations for students and their families, in their own language.

Accurate representation

Your programs, requirements and costs described exactly as you publish them.

Prepared applicants

We explain your requirements and expectations to each student before they apply.

How a partnership works

Five steps from the first call to the first report.

What our reports cover

For direct partners. Monthly by default, or on your schedule. Shared with the student's consent.

- ✓ Student reference
- ✓ Intake
- ✓ Documents
- ✓ Deposit or enrolment
- ✓ Program
- ✓ Stage
- ✓ Offer
- ✓ Next step

Our Code of Ethics.

No guarantees, no immigration advice, genuine documents only, clear fees, and transparency about commissions. Published in full on our website.

Let's talk about a partnership.

We would be glad to learn about your programs and intakes.
